

AMMIKA SRINIVAS

Mechanical Engineering Educator & Researcher | Dhone, Andhra Pradesh |
ammika.srinivas@gmail.com | github.com/srinivasa-jpg

Mechanical engineer with M.Tech specialization in Machine Design and Assistant Professor experience.
Academic work includes engineering design subjects, research publications and department coordination.

EDUCATION

M.Tech - Machine Design | RGM CET, Nandyal | JNTUA | 2012 | 74.50%
B.Tech - Mechanical Engineering | Dr. SGIET, Markapur | JNTU Kakinada | 2010 | 57.96%
Intermediate | Sri Krishna Junior College, Kurnool | 2006 | 60.20%
10th Standard | Railway High School, Guntakal | 2003 | 62.20%

PROFESSIONAL EXPERIENCE - ASSISTANT PROFESSOR

G. Pullaiah College of Engineering & Technology, Andhra Pradesh | December 2019 - April 2022
G. Pullaiah College of Engineering & Technology, Andhra Pradesh | December 2015 - May 2018
Sir Vishveshwaraiah Institute of Science & Technology, Madanapalle | April 2014 - December 2015
Narayanadri Institute of Science and Technology, Rajampet | August 2012 - April 2014

ACADEMIC SERVICE & SUBJECTS HANDLED

Academic activities: Exam Cell In-charge II; Timetable In-charge; Department R&D Coordinator; Department Placement Coordinator.

Subjects: Engineering Drawing; Engineering Mechanics; Basic Electrical and Mechanical Engineering; Machine Drawing; Design of Machine Elements I & II; Mechanics of Solids; CAD/CAM; Automobile Engineering.

TECHNICAL SKILLS

AutoCAD; Pro-E; ANSYS.

RESEARCH PUBLICATIONS - 9 JOURNAL PAPERS LISTED ON SOURCE RESUME

1. Stability and Computational Analysis on Boat Hull (2012) — International Journal of Modern Engineering Research (IJMER), Vol. 2, Issue 5, pp. 2975-2980.
2. Development of Double Wheeled Multipurpose Weed Remover (2015) — IJETMAS, Vol. 3, Issue 2.
3. Modeling and Stability Analysis on a Boat Hull for Different Materials (2015) — IJETMAS, Vol. 3, Issue 4.
4. Modeling and Optimization of Solar Light Trap for Reducing and Controlling the Pest Population (2015) — IJETMAS, Vol. 3, Issue 4.
5. Insulation Effect on the Performance of a Low Heat Rejection DI Diesel Engine (2015) — IJETMAS, Vol. 3, Issue 2.
6. Stability Comparison on Boat Hull Using Different Materials Based on Metacenter Height (2015) — IJETMAS, Vol. 3, Issue 11.
7. Design and Analysis of Screw Conveyor (2016) — International Journal of Engineering Research and Science & Technology, Vol. 2, No. 3.
8. A Population Based Metaheuristics for Optimum Design of Single Row Layout in Flexible Manufacturing System with Integrated Job Shop Scheduling (2016) — International Journal of Engineering Research, Vol. 5, Special Issue 2.
9. An Overview on Ceramic Matrix Composites with Nano Technology (2017) — International Journal of Innovative Research in Science, Engineering and Technology, Vol. 6, Issue 7.

CONFERENCE WORK

- Design and Analysis of Heavy Vehicle Using Polymeric Composite Material by Different Cross Sections — NCIME 2016, Madanapalle.
- R600a Refrigerant in VCR Cycle for Eco-Friendly Environment — NCIME 2016, Madanapalle.
- Modeling and Analysis of Two Wheeler Connecting Rod Using Different Materials — ICAEMS 2017, Nandyal.

WORKSHOPS & FACULTY DEVELOPMENT

- Two-day workshop on applications of FEM using ANSYS, JNTUACE, Pulivendula (January; year not specified in resume).
- Two-week FDP on Fatigue & Fracture Mechanics in Finite Element Analysis, MITS, Madanapalle, 3-15 March 2014.

Prepared for online portfolio use from the supplied resume (dated December 2023). Latest employment status has not been independently verified.
